

EMALAHLENI LOCAL MUNICIPALITY

- PROCESS PLAN -
- IDP, Budget & PMS-

1. INTRODUCTION

At end of May 2022 Emalahleni Municipality adopted the Integrated Development Plan for 2022/2027 financial year and MTREF for 2022-2025 financial years. The IDP was reviewed in accordance with requirements set out in the Municipal Systems Act (32 of 2000) and Local Government Municipal Planning and Performance Management Regulations (2001).

To ensure certain minimum quality standards of the Integrated Development Plan (IDP), and a proper coordination between and within spheres of government, the preparation of the process plan has been regulated in the Municipal Systems Act (32 of 2000). The preparation of the process plan, which is in essence the IDP process set out in writing, requires the adoption by Council. This plan must include the following:

- A programme specifying the timeframes for the different planning steps,
- Appropriate mechanisms, processes and procedures for consultation and participation of local communities, organ of state, traditional authorities, and other role players in the IDP drafting process,
- An indication of the organizational arrangements for the IDP process,
- Binding plans and planning requirements, *i.e.*, policy and legislation, and
- Mechanisms and procedures for vertical and horizontal alignment.

2. LEGAL CONTEXT

The Integrated Development Plan

Section 25 (1) of the Municipal Systems Act (32 of 2000) indicates that:

"Each Municipal Council must, within prescribed period after the start of its elected term, adopt a single, all-inclusive and strategic plan for the development of the municipality which -

- *Links, integrates and coordinates plans and considers proposals for the development of the community,*
- *Aligns the resources and capacity of the municipality with the implementation of the plan,*
- *Complies with the provisions of this Chapter (Chapter 5 MSA); and*
- *Is compatible with national and provincial development plans and planning requirements binding on the municipality in terms of legislation".*

In terms of the core components of the integrated development plans, Section 25 of the Municipal Systems Act (32 of 2000) indicates that:

"An integrated development plan must reflect:

- *The municipal council's vision for long term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs,*
- *An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services,*
- *The council's development priorities and objectives for its elected term, including its local economic development aims and its internal transformation needs,*
- *The council's development strategies which must be aligned with any national and provincial sector plans and planning requirements binding on the municipality in terms of legislation,*
- *A spatial development framework which must include the provision of basic guidelines for a land use management system for the municipality,*
- *The councils' operational strategies,*
- *Applicable disaster management plans,*
- *A financial plan, which must include a budget projection for at least the next three years; and*
- *The key performance indicators and performance targets determined in terms of section 41".*

Moreover and [also] in view of the foregoing, Section 28 (1) of the Municipal Systems Act (32 of 2000) stipulates that:

- *"Each municipal council, within a prescribed period after the start of its elected term, must adopt a process set out in writing to guide the planning, drafting, adoption and review of its integrated development plan,*
- *The municipality must through appropriate mechanisms, processes and procedures established in terms of Chapter 4 of the Municipal Systems Act (32 of 2000), consult the community before the adopting the process; and*
- *A municipality must [also] give notice to the local community of particulars of the process it intends to follow".*

The way in which the IDP process will be undertaken is outlined in this process plan in which [all] municipalities must prepare. The Local Government: Municipal Planning and Performance Management Regulation 2001, provides elaborately on the contents of the IDP and the processes the Municipality must subject the IDP process into when doing its development or review.

Vision

An accountable, transformational, and financially viable municipality that delivers quality, sustainable and affordable services towards socio-economic growth and development of its communities

Mission

A municipality that accelerates quality services in consultation with its customers and stakeholders in a quest to attain sustainable livelihood

Core Values

- **Accountability**- we will create participatory platforms for communities to have direct access and hold the municipality accountable
- **Value for money**- we will provide the citizens the best possible value for their money through delivering the right quality services, in the right quantity at the right time and at the right place
- **Responsiveness**: we will put in place systems to promptly respond to the needs, complaints, and enquiries of our communities.
- **Cultural Diversity**: we will promote and enhance all cultures in our municipality.
- **Commitment**: we commit ourselves to clean governance and administration.
- **Dignity**: we will treat every client with dignity, respect, and disciplined manner.
- **Honesty**: we will discharge our mandate with honesty.
- **Innovation**: to encourage alternative and innovative systems to discharge service delivery.

The Annual Budget

The Annual Budget and the IDP are inseparably linked to one another; something has been formalized through the promulgation of the Municipal Finance Management Act (56 of 2003). Section 21 (1) of the Municipal Finance Management Act (MFMA) indicates that:

"The mayor of a municipality must:

- *At least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for*
 - *The preparation, tabling, and approval of the annual budget,*
 - *The annual review of –*
 - a. *The integrated development plan in terms of section 34 of the Municipal Systems Act; and*
 - b. *The budget related policies.*
 - *The tabling and adoption of any amendment to the integrated development plan and the budget related policies; and*
 - *The consultative processes forming part of the processes referred to subparagraph (i), (ii) and (iii)" – herein first three sub bullets (denoted as -).*

3. ELEMENTS OF IDP DEVELOPMENT

Notwithstanding the statutory imperative, it is necessary for Emalahleni Municipality to review its IDP to:

- Ensure the IDP's relevance as the municipality's strategic plan.
- Inform other components of the municipal business processes, including institutional and financial planning and budgeting.
- Inform the cyclical inter-governmental planning and budget processes.

In the IDP review cycle, changes to the IDP may be required from these main sources:

- Comments from the MEC for Local Government and Traditional Affairs (DLGTA), if any,
- Incorporate comments from the Auditor-General in respect of the previous audit report, if any,
- Incorporate comments from the Internal Audit Committee, if there are any,
- Alignment of the IDP with both the provincial and national policies and programs (*i.e.*, PGDS, NPC, NSDP, N-KPA),
- Incorporation of the most recent descriptive data,
- Review and refinement of the objectives and strategies,
- Review and refinement of the projects,
- Amendments in response to changing circumstances; and
- Improving the IDP process and content.

The significant development, which in all probabilities will have a huge impact on the IDP, is the Community Based Planning. The Community Based Planning is a planning instrument, which is geared towards the enhancement of the community participation component of the IDP. Of particular concern has been the inability of the IDP to translate community participation into an organic process.

4. HORIZONTAL AND VERTICAL ALIGNMENT

4.1 District Framework Plan

Section 27 of the Municipal Systems Act (32 of 2000), indicates that, Districts are required to prepare and adopt a Framework Plan, which indicates how the District and Local Municipalities will align their IDP's. It can be maintained.

The Chris Hani District Municipality has established a District IDP/PMS Coordination Forum, District Representative Forum which are [also] attended by the Department of Local Government and Traditional Affairs to provide the strategic direction of the IDP's. This IDP preparation process will also use this forum for vertical and horizontal alignment with other family of municipalities.

4.2 Alignment with Sector Departments

Alignment with Sector Departments is essential in order that the Emalahleni Municipality priorities can be reflected in their project prioritization process, as well as, so that their projects can be reflected in the IDP document.

5. IDP PROCESS

This process describes a continuous cycle of planning, implementation and review as can be seen in the figure below. During the year new information becomes available and unexpected events may occur. Some of the information can make immediate changes to the planning and the implementation of the IDP. After the reviewed IDP has been adopted, implementation as well as situational changes will continue to occur, which is again monitored throughout the year and evaluated for consideration in the next IDP review (DPLG, IDP Guide Pack, Guide IV).

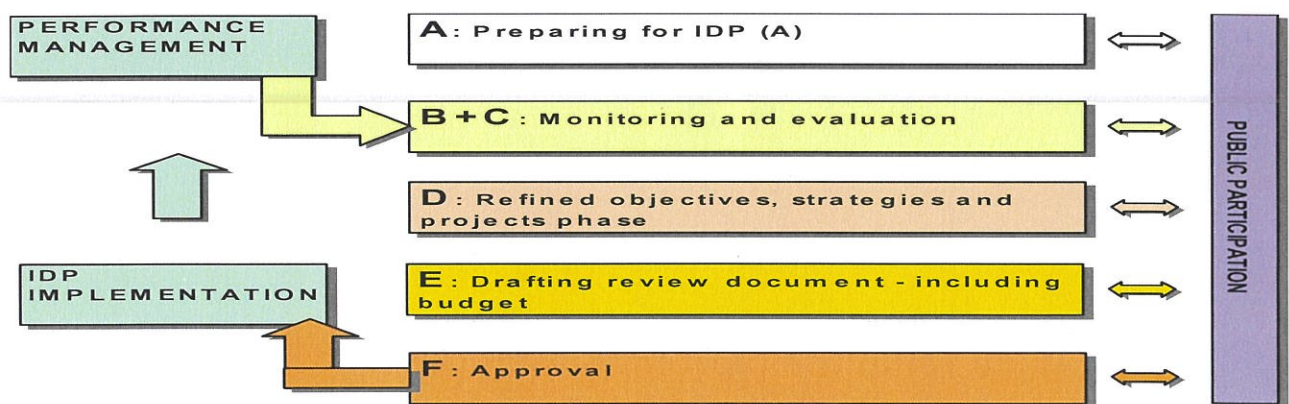

Diagram 1 on IDP Process

Each of these steps is reflected in the Action Plan which outlines the time frames and activities within which these steps should take. Because the roll out of the PMS is part of the review process, it is also included in the Action Plan.

6. ALIGNMENT OF THE IDP, BUDGET AND PERFORMANCE MANAGEMENT PROCESS

The IDP review process is mainly geared towards picking up on early-warning sign for corrective action whenever it is required. The Performance Indicators are flowing from the IDP and constitute the heart of the Performance Management System. Every attempt has been made in this Process Plan to align the IDP and Budget preparation process, and the Performance Management System (PMS) review. The linkages of the three processes are summarized in the following diagram:

Emalahleni IDP Process Plan: IDP, Budget and PMS Linkages

7. ORGANISATIONAL ARRANGEMENTS

The structures below will guide the IDP Review Process within the Emalahleni Municipal Area.

- IDP & Budget Steering Committee
- IDP Representative Forum
- Inter-Governmental Relations
- DP Steering Committee

An IDP Steering Committee that would function, as a technical working team shall be composed of the following members:

- The mayor (Chairperson),
- The Municipal Managers
- All Directors; and
- All Managers
- Committee Services (secretariat support)

The steering committee would provide a technical support to the IDP Driver to ensure a smooth planning process. It is supposed to guide the process. This means that amongst other things it will be responsible for:

- Establishment of the Representative Forum.
- Define criteria to choose members of the Forum.
- Inform public about the establishment of the forum, request submissions of applications from stakeholders and communities (indicate objectives, activities, and number of members).

Identify additional stakeholders from unorganized groups, e.g., potential academics, advocates, doctors, and resource persons. The mayor of the municipality includes Budget and Treasury Office (BTO) within the municipality as required by Regulation 4 of the Regulations. The function of the BTO is to provide technical assistance to the mayor in discharging the responsibilities set out in Section 53 and elsewhere in the Municipal Finance Management Act 2003 (Act 56 of 2003).

The primary aim of the BTO is to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices,
- that there is proper alignment between the policy and the service delivery priorities set out in the municipality's IDP and the budget, considering the need to protect the financial sustainability of the municipality,
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- That the various spending priorities of the different municipal departments are properly evaluated and prioritized in the allocation of resources.

IDP Representative Forum

The most critical structure established for this process, especially for purposes of ensuring maximized participation of different interest groups and sectors, is the IDP Representative Forum. The rationale behind the establishment of this committee is to ensure that communication channels are kept smooth and efficiently.

The function of the IDP Representative Forum includes the following:

- The Representative Forum will have to ensure that every activity and decisions taken in the IDP development process are communicated to the communities.
- They are also to monitor and ensure that all decisions that are taken with regards to routes that the IDP must take from time to time are followed to the latter.
- They are always expected to reflect and safeguard the community inputs. This means that they are the mouthpiece of the communities.
- They represent the interests of their communities.
- Provide an organizational mechanism for discussion, negotiation and decision making between stakeholders including the municipal government.
- Participate in the process of setting and monitoring key performance indicators.

Ward/PR Councillors and Committees: The brief for Ward/PR Councillors and Committees who constitutes the IDP Representative Forum is to always ensure that their mandates in the Integrated Development Forum comes from communities which they represent particularly on issues affecting them. The Ward/PR Councillors and Committees are further expected to communicate deliberations of the IDP Representative Forum and always ensure that feedback is given to the communities on progress registered.

District Municipality and Service Providers: The main role of the Chris Hani District Municipality and Service Providers is to provide technical inputs and assistance on the process. The support unit established at the level of the Chris Hani District Municipality referred to as IDP/PMS Support Unit serves a critical role in the process specifically on the management of service providers and deviations thereof. The overall monitoring to detect early warning signs was done by the Chris District Mayors' Forum, which was constituted by all the Municipalities in the Chris District Area. Furthermore, the District Framework Committee is supposed to ensure integration and co-ordination of the IDP activities.

MECHANISM AND PROCEDURE FOR PARTICIPATION

9. FUNCTIONS AND CONTEXT OF PUBLIC PARTICIPATION

Four major functions can be aligned with the public participation process namely:

- Needs identification and prioritization.
- Identification of appropriateness of proposed solutions.
- Community ownership and buy-in; and
- Community Empowerment.

10. MECHANISMS FOR PARTICIPATION

The following public participation mechanisms are proposed for each milestone. The milestone that we are referring to above will be outlined later.

Preparation Phase	Adverts on Newspaper Announcements on Local Radio Station
Monitoring and Evaluation Phase	Representative Forum Meetings
Objectives, strategies, and Projects Phase	Representative Forum Meetings
Reviewed IDP Phase	Public Hearings Representative Forum Meetings
Approval Phase	Adverts on Newspaper Announcements on Local Radio Stations Representative Forum Meetings Public Hearings
To note that should changing circumstances that limit chances for direct contact with communities, virtual engagements or other forms recommended by council may be used.	

10.1 Public Participation Strategy

Chapter 4 of the Municipal Systems Act will guide in the development and implementation of the public participation strategy for the IDP process. To ensure that all stakeholders can be represented on the IDP Representative Forum, the following forms of media will be used:

- Vuyani FM
- Daily Dispatch
- Community Newspapers

To ensure that the needs of unorganized groups are represented as well, advocacy groups and or Non-Governmental Organizations (NGOs) will be used as well for communication. Meetings of the Representative Forum will be held in any appropriate Municipal buildings or government offices.

Members of the Representative Forum will be expected to consult with their constituencies and report back to the Forum within a month's time.

11. INTER-GOVERNMENTAL RELATIONS

Chapter 3 of the Constitution of the Republic of South Africa, Act 108 of 1996 provides for the principles that underlie the relations between the spheres of government. IGR meetings will sit on a quarterly basis and are an information-sharing vehicle where government departments and the municipality give light of their experiences and challenges with regards to service delivery. IGR forum is regarded as a strategic planning body with emphasis and updates on current financial year programmes and projects. Only heads of government departments sit on these meetings, failing which representatives sent by these heads, the Municipal Manager, Directors, Senior Managers, practitioners, and Parastatals, *i.e.*, ESKOM, TELKOM.

12. ROAD MAP FOR PARTICIPATION

12.1 Schedule of meetings

In addition to various meetings, the following meetings are required for the IDP Review Process:

Structure	Date	Time
CHDM Alignment engagement with local municipalities (District Framework)	10 August 2022	09h00 – 13h00
